

TIAN QIU, FRM

Tian Qiu is an investment analyst for the alpha strategies group at Loomis, Sayles & Company. In this role, he is responsible for developing and implementing multi-asset quantitative strategies and analytics, focusing primarily on global emerging markets, currency strategies, ESG and sustainable investment, portfolio construction, asset allocation and risk management. Tian joined Loomis Sayles in 2019 and has 11 years of investment industry experience. Previously, he was a vice president at Credit Suisse. Prior to this, Tian was a vice president at Bank of New York Mellon. He earned a BEcon in financial engineering and a BS in applied mathematics from Xiamen University and an MS in statistics (computational finance) from Purdue University. Tian is currently pursuing a master of computer and information technology degree at the University of Pennsylvania.
